Housing affordability is the percentage of households spending ≥ 30% of household total income on shelter costs.

DISTRICT PROFILE INDICATORS

SWAN RIVER

The chart below shows how the health of the people in this district compares with the rest of Prairie Mountain Health. The districts result for each indicator is shown as a vertical bar. The PMH rate is shown as a blue vertical bar at the centre of the chart. The range of results for all of PMH is shown as the grey shaded area. The colour of the horizontal bar for both the district and PMH values indicates whether the value is significantly lower (green), significantly higher (red) or not significantly different (yellow) to the Provincial average.
